Have you been daydreaming about having your own RV with a walk-around RV queen bed that includes storage on either side and privacy from the rest of the unit? This Conquest Class C gas motorhome offers just that and then some! From the separated bath that has an en-suite bath door and kitchen area where the kids are playing games at the booth dinette, you will enjoy all of the aspects of this coach. The chef of your group is probably whipping up brownies in the kitchen on the flip-up countertop before deciding what is for dinner. You will also find plenty of storage and sleeping space.

Each one of these Gulf Stream RV Conquest Class C gas motorhomes is built with a Cradle of StrengthRegistered on either the Ford E350 or E450 chassis depending on the model! Their construction also consists of a welded aluminum perimeter frame, a seamless EPDM rubber roof, and a high-gloss fiberglass exterior with Azdel synthetic substrate in the walls to prevent rotting. The included Conquest Luxury package comes with high-performance vinyl flooring throughout for an easier clean, all stainless steel appliances, and an AM/FM/CD stereo with built-in monitor and back-up camera. It also adds exterior conveniences like upgraded exterior lighting, upgraded exterior graphics, a friction-hinge entry door, and an electric awning with LED lights to relax under whether day or night!
